

Art and Religion Colloqui IX

Anati, E. (ed.) 2016 *Art and religion*
Capo di Ponte, (Atelier), 114 pp. 73 ill. € 40

What is the role of religion, magic and witchcraft in prehistoric and tribal art? The intellectual and spiritual motivations of art produced various theories since the first attempts to explain prehistoric art over a century ago. Recent research is revealing more complex conceptual connections. In this book, authors of different backgrounds and countries, from four continents, are presenting examples of specific aspects, providing first-hand data. The confrontation of different ideas and methods is contributing to reconsider some past simplifications and generalizations.
